Safely Secured 3-in-1

With the Trust Yudo10 Fast Wireless Charging Phone Car Holder you can easily mount your phone to either the windscreen, dashboard or air vent of your car. Offering a complete solution to phone placement in your car, the premium mount also charges your phone. Now you can have a clear view on your phone's screen whilst driving and arrive at your destination with a fully charged phone.

Hold and Charge

The Yudo10 both holds and charges your phone. Simply put in your Qi-compatible smartphone and it will start charging automatically – no need for cables. The holder supports fast-charging 7.5W mode for iPhone 8 and up and 10W mode for the Samsung S7 and up. All other Qi-compatible phones are charged at 5W. Furthermore, the charger has a smart safety design with foreign object detection (FOD) which automatically stops the charging process to prevent accidental over-heating or interference caused by metal objects.*For fast-charging, a USB charger compatible with Quick Charge 3.0 is required for power input

Convenient Control

The Trust Yudo10 Fast Wireless Charging Phone Car Holder is extremely convenient. The phone holder has a fully adjustable viewing angle and can rotate 360 degrees. Furthermore, all phone buttons and connectors are easily accessible, so you have a clear view on and access to your screen.
