Marketing

Extended retailer text	A stand that functions not only for viewing but also can be used to comfortable working, that's what you get with the Trust Portable & Lightweight stand for tablets. Trust designed a 6-step adjustable viewing stand making it ideal for every situation.
-------------------------------	---

The stand is suitable to contain a tablet vertically for reading but also horizontally for browsing the internet, playing games or watching movies. The Stand is lightweight, flat, compact and foldable: making it easy to store or take with you.

The stand is suited for all 7" to 10 inch tablets, protective rubber pads prevents your tablet from sliding and scratching. A nice feature most other stand don't have is the 360 degrees rotation base, making this stand one of the most versatile tablet stand around.
