

Trust Oxxtron 1300 VA uninterruptible power supply (UPS) - Black

Reliable 1300VA battery back-up UPS with USB connection and 4 surge protected IEC power outlets

Article number: 17679

Barcode: 8713439176797

GTIN: 08713439176797

Core content

Brand	Trust
Product type	1300 VA uninterruptible power supply (UPS)
Colour	Black
Key features	- 1300VA UPS with built-in battery and 4 IEC power outlets - Provides temporary battery power during power outage; prevents loss of data and damage to hardware - USB connection to monitor the status of the UPS, receive alerts and to automatically shut down the computer - Surge protected outputs to prevent damage from power surges, spikes and fluctuations - AVR function to ensure stable 230V output voltage - RJ11 loop-through port with surge protection - Clear optical and acoustic indicators for alerts - Overload and short circuit protection - Sturdy metal housing - Extended warranty of €20.000 on connected equipment* *Check conditions on trust.com
Package contents	- UPS unit - 2x IEC power cables - USB cable - User guide
System requirements	- Grounded wall power connection - Supported devices: PC, monitor - For software: Windows 10/8/7, USB port

Marketing

Extended retailer text	<p>Uninterruptible power</p> <p>The Oxxtron 1300VA uninterruptible power supply (UPS) keeps electronic devices such as your computer and screen running temporarily when the power is down or during unexpected power grid changes such as surges or lightning. With the Oxxtron UPS, you will have the time to save your work or in-game progress and avoid</p>
-------------------------------	--

damage to all your equipment.

Hungry for power

By providing a stable output, your computer will not suffer from voltage fluctuations from the power grid or power surges. Both your hardware and data are safe from damage when using the Oxxttron UPS. The Automatic Voltage Regulation (AVR) function automatically corrects too high or too low voltages, so that your equipment won't get damaged. This, together with the RFI filter and surge protection, guarantees the safety of your PC set-up.

Protect your peripherals

The Oxxttron has 4 protected outputs. So easily connect your PC and monitor for example at home or at the office. In this way, you are sure your hard work is safe during a power outage.

Use the power

The UPS is easily set up via USB and after installing the Smart Management software, the UPS gives you a notification when your power is unstable. You'll have immediate access to critical information and can act instantly when necessary. It will automatically save your data during a power outage and shut down the PC safely.

Specifications

Total weight	11.100 g
Height of main product (in mm)	220 mm
Width of main product (in mm)	130 mm
Depth of main product (in mm)	390 mm
Software	true
Protections	over-charge over-load short-circuit
RFI-filter	true
Surge protected AC outlets	true
Surge protected phone line	true

Number of batteries 2

Battery composition (Alkaline, L... Lead Acid

Battery voltage (V) 12 V
