Extended retailer text

Averting your eyes from the road while navigating is something of the past. Because of the Trust Universal Car Holder for smartphones, you can now stay fully concentrated on the road with the GPS in your line of sight. Your smartphone can now be mounted to the window of your car or any other flat surface thanks to the strong windshield suction cup.

Adjust your view

This universal car holder is perfect for navigating, playing music and hands-free calling while driving. Thanks to its adjustable angle and 360° rotatability, you always have a perfect view of your navigation app on your phone.

Universal design

The Universal Car Holder is compatible with all kinds of smartphones, as long as your smartphone isn't bigger than 6 inches (width of 83mm). It is designed in such a way that the buttons and connectors on your smartphone remain easily accessible when using the car holder.

Strong, safe and easy

The adjustable fixing clamp guarantees your smartphone is always held firmly, you don't even have to bother with taking your phone out of its case. This combined with the holder's rubber coating makes sure it is always securely held and protected against scratches. Have you reached your destination? Take out your phone with one easy movement.
