### Marketing

<b>Extended retailer text</b>	Do you want a compact and stylish speaker set that produces powerful sound? Than the Tytan 2.0 is what you are looking for.
	Powerful sound

---

The Tytan 2.0 is ideal for listening to music, watching movies or playing games. With a peak power of 36W, the speaker provides a rich and powerful sound. Maximize your listening experience with the Tytan 2.0!

#### Ease of Use

Easily control the volume and the bass level, by using the controls placed at the front of the speaker. Just want to listen in private? Simply plug your headset in the Tytan 2.0 and enjoy your listening experience alone. On top of that, the speaker contains an extra input connection for your iPod, iPhone or MP3 player. With the Tytan 2.0 you can enjoy your own music, as well as the music of your friends and family.

#### Power management

The Tytan 2.0 also features smart power management. This means that your speaker will automatically go to stand-by when you are not using it.
