	Design

The Premium Backcover offers a unique design. First of all, the cover itself features a premium glossy, white design, finished with an aluminum stand. On top of that the Apple logo on your iPad remains visible when using the cover, making this back cover the perfect match for your iPad.

Protection

The back cover protects the back of your iPad against scratches, on top of that, it can be used in combination with a Smart Cover to offer full protection.

Functionality & use

The aluminum stand is spring-loaded, making it pop out easily when pulled. As it is fully made of aluminum and metal, the stand is durable, long-lasting and keeps your iPad firmly in landscape mode when using the stand. This makes this back cover the perfect solution for using your iPad as a recipe book, using your iPad as a photo stand, watching movies, Skype or Facetime, etc.

When not using the stand, magnets keep the stand integrated in the back cover.

The Premium Back Cover with Stand: unique design with robust functionality.
