Marketing

Extended retailer text	Trust Jukebar: maximum sound with minimum dimensions! Whether you're in your living room, your garden, the beach or in the locker room of your sports club, with the wireless Jukebar you have powerful sound at your fingertips. Design
------------------------	---

The compact Jukebar speaker has a distinctive design and is available in three different colors. The Jukebar offers robust features through the metal grill and the rubber finish that can take a beating. So you take your Jukebar without worry everywhere in your bag or backpack!

Powerful sound, small size

Despite its small size the Jukebar surprises with big sound. The jukebar is ideal for use watching movies, listening to music, gameing, or simply during barbecues in your backyard. You can connect it via bluetooth or with the 3.5mm cable to connect your MP3 player, tablet, smartphone or laptop.

Easy to use

The Bluetooth connection is set up in a jiffy. Once the connection is established, you control your music simply using the three buttons on the top (play / pause and volume). Through the built-in microphone, it is possible to conduct hands-free phone calls here, the play / pause button is used as a call pickup button.

If your smartphone, tablet, MP3 player or laptop does not have Bluetooth, then connect via the included 3.5mm cable.

The Jukebar has a built-in battery, which provides up to 17 hours of play time. The battery is rechargeable via the included USB cable. In addition, a convenient Micro USB to Mini-USB converter is included, allowing you to use your smartphone charger to charge your Jukebar. Want to enjoy music in peace? Simply connect your headset to the Jukebar through the headphone jack.
