#### Precise

The GXT 120 Gaming Mouse is equipped with a precise optical gaming sensor with an adjustable speed of 1000 dpi to 2000 dpi. Use the dpi switch button while playing to adjust the speed to any situation.

This wireless gaming mouse is as accurate and fast as a wired gaming mouse. With eight meters wireless range, this mouse has enough range for any gaming setup. The included AA battery provides enough energy for non-stop gaming up to 150 hours. In combination with the smart power management system, which activates the sleep mode when not used for 20 minutes, you can use the mouse for months without replacing the battery.
