Extended retailer text

Having a BBQ in your backyard, want to speech at your company's party or music at the sidelines of a sporting event: the UR Fiësta Wireless speaker is the ideal solution! The Fiësta produces powerful sound, has an internal battery that lasts, is easy to carry and can be used with your tablet, smartphone or musical instrument.

Portable

Thanks to two wheels and a retractable handle the Fiësta wireless speaker is easy to carry around. In addition, the Fiësta easily can be picked up by the two handles on the side. The speaker is solidly built so he can take a beating. The Fiësta has an internal battery which lasts from 7.5 to 60 hours depending on the volume. The battery is easily recharged by the included power cable. If your battery runs out during a party, you can continue to use the speaker by connecting it to a power socket. This speaker will last longer than any tablet or smartphone but the solution is already build in: the Fiësta is feature with a USB port that allows you to charge your tablet or smartphone. Simply plug the included cable from your tablet or smartphone in the speaker and you are always provided with sufficient power. Once connected you can easily places your tablet or smartphone in the holder on top of the speaker.

Sound

With 60 watts output the Fiësta offers more than enough power to provide every party or gathering space with a full and powerful sound. Unlike most speakers, the Fiësta offers the possibility to completely set up the sound using the regulators for bass, mid and treble tones. Whether you want to use the speaker indoors or outdoors for music or a speech the Fiësta is ideal for any situation. The volume of the Fiësta is adjustable through the master volume or for each channel. So you can put your microphone volume up or down comparing to the music.

Connections

Connect your smartphone, tablet, laptop or MP3 player easy through wirelessly bluetooth or by using the included 3.5mm cable. The Fiësta wireless speaker also has a connector for the supplied microphone, and a jack for a microphone or musical instrument like your guitar or keyboard.

Do you need ultimate power? Then connect multiple Fiësta's to each other.

Versatile, mobile and powerful: the Fiësta wireless speaker is the ultimate solution for sound in every situation.
