## 2-in-1 Design

The Trust Rio combines the convenience of a trolley bag with the flexibility of a backpack: Within a few seconds you can easily convert the trolley bag to a backpack. Simply put it on your back or carry it by the handle when you rush to the train and roll it behind you when things get heavy.

## Solid Design

The Rio combines the solid rugged features of a protective laptop carry bag with a nice finish. The smooth material has light blue accents and gives the Rio 2-in-1 a fresh and modern look. Additionally it provides protection for your laptop and tablet thanks to the weather resistant design.

The bag consists of a durable material with nicely coated black zippers, a sturdy telescopic handle and straps. In addition, the design of the wheels ensures a stable rolling and prevents tipping over when the bag is standing upright.

## Smart Design

The Rio bag contains enough space and compartments for all of your personal belongings and devices.

The huge main compartment offers enough space for all your personal belongings, even for a weekend trip. It also includes padded compartments for your laptop and tablet.

Three additional zippered compartments on the front offer extra space for documents, accessories, phone, wallet etc.

## Size

The Rio has two protection compartments for a laptop and a tablet. The laptop compartment is suitable for laptops up to 16" or a maximum size of 38 x 26 x 4 cm.

The tablet section provides space for devices up to 10.1" as well as for the iPad, Samsung Galaxy Tab3 10 and the Google Nexus 10. Of course other smaller tablets as the iPad mini, the Galaxy Tab3 7.0 and 8.0 can fit into the compartment. Besides this, the compartment is large enough that you can keep the folio/case on your tablet.

The Trust Rio Trolley Backpack is the perfect travel companion.
