## Marketing

Extended retailer text	<p>Are you searching a unique looking speaker set that is especially designed for your PC or laptop without compromising on a powerful bass and a rich sound experience? The Talos 2.1 speaker set will meet your demands.</p> <p>Sound &amp; Design</p> <p>The Trust Talos speaker set combines a compact size with a powerful sound. Thanks to its small size this speaker set is the ideal addition to your workspace, since it can be easily placed on top of your desk. The different connectors are located at the back of the subwoofer preventing any cables to be in sight. The modern looking</p>
------------------------	---

satellite speakers deliver a clear and rich stereo sound. Their timeless design makes the Talos a speaker set with a unique look.

Ease of use

The detailed sound of the Talos speaker set is ideal for listing to your music, watching movies or playing video games on your PC. With the nicely designed volume control on the front side of the subwoofer adjusting your volume is easy. On the back side of the subwoofer there is a control to adjust the bass to your own wishes. In addition there are buttons present to easily switch between different power modes and to turn your speaker set on or off.

Smart Power Management

To save energy, the speaker automatically switches to standby mode when not used for 60 minutes. Once your device starts to play music again, the speaker automatically turns back on.
