| Extended retailer text | <p>Are you looking for a compact speaker set with a unique feature? Then the Trust Rotating speaker set offers an ideal combination. Switch between spacious and direct sound by simply rotating the speakers.</p> <p>Unique feature - Rotatable speakers</p> <p>The Trust Rotating speaker set offers a complete new sound experience thanks to its rotatable speakers. Choose between three different angles. Point the speaker upwards for a spacious sound experience. Rotate them once for the laptop mode, which will steer the sound directly towards you. Or choose desktop mode to have the same direct sound even when your speakers aren't close to each other.</p> <p>Ease of use</p> |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

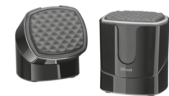

Thanks to its compact design and stylish glossy black finish, the trust rotating speakers perfectly fit your notebook or your desktop. Connecting this speaker set to your PC is very easy; simply plug-in the USB and 3,5mm cables. Once connected you can easily adjust the volume to your liking by using the inline remote control. Experience all your music and YouTube videos in a complete new way! You will be surprised by the sound of the Trust Rotating speaker set.
