### Marketing

Extended retailer text	Always wanted a stylish desktop microphone that has it all? With the Trust Elvii desktop microphone you can sing, chat, skype and record in style! The retro look of the Elvii will make you feel like you are back in the 50ies with a modern twist.
------------------------	---

#### Adjustable Angle

Thanks to the adjustable angle of the Elvii microphone you can make sure that everyone can always hear you loud and clear!

#### “A little less conversation”

Even if you don’t want others to hear you for a minute, you can easily mute the microphone with the simple click of a button.

#### Plug & Play

Plug in the attached 3.5mm jack cable and chat, sing or record away. Thanks to the extra-long 1.80 meter cable you can rock the house with almost no limitations!
