Marketing

Extended retailer text Easy and safer calls while driving with the Trust Urban Bluetooth Car Kit. The advanced functions and the handy mounting clip make the Car Kit an ideal addition for your car.

Ease of Use

The Trust Urban Bluetooth Car Kit is the ideal addition for any road user. We all know the situation when your phone rings while driving and you cannot pick up. To be available even when you are driving, a car kit is necessary. The car kit is easy to mount on your sunshade and by simply pressing the button you can pick up calls – without losing your attention on the road.

The car kit can couple with up to 2 devices which get automatically connected as soon as they are in range.

Design

The car kit has an elegant mat-black surface and thus, fits to any car's interior. The ring-shaped volume and blue-illuminated pick up button are easy to access. The brushed aluminium clip provides a stable halt.

Functions

Hands-free callings has never been so easy before. The car kit has an integrated microphone with an advanced noise reduction which reduces background noise to a minimum. In addition, the car kit is not only suitable for incoming calls but it also playbacks navigation instructions and music from your smartphone. The battery lasts for a maximum of 60 days in standby and provides a maximum of 20 hours of talk time. With the included USB cable you can easily charge the Trust Urban Bluetooth Car Kit while driving so you will never miss a call.
