Marketing

Extended retailer text	Striking design meets strong sound. Metallic accents on both the subwoofer and the satellite speakers of the Trust Byron 2.1 Speaker Set ensure a strong, powerful design. This design, requires a strong sound: with 120 Watt of power output and a subwoofer including isolation feet, this speaker set has all the audio power you need!
-------------------------------	---

Industrial looks, powerful sound

The Byron Speaker Set offers a powerful, though clear sound. Top notch sound audio quality is realized by a powerful bass completed with a strong wide sound realised by the satellite speakers. The metallic accents on the subwoofer and the satellite speakers make sure a striking design is realised to match its sound.

The included volume control pod allows you to easily adjust the volume, on top of this you can easily adjust the bass level to your preferences at the side of the subwoofer.

Prevents unwanted vibrations

The isolation feet under the subwoofer are simple and efficient. The non-slip rubberised feet absorb unwanted vibrations, ensuring the best audio quality with a clean bass.

Convenient volume control pod

Full control at your fingertips. You can place the wired volume control pod anywhere within hand reach, making sure you can easily adjust the volume at all times. The control pod features a headphones jack and a line-in connection as well. The headphones jack allows you to enjoy your music privately when desired. The line-in connection can be used to connect another audio device easily; simply connect your tablet, smartphone or any other audio device at your desk and play your music out loud!
