Marketing

| | |
|------------------------|--|
| Extended retailer text | Looking for a space saving desktop set solution? The slim Ximo wireless keyboard and compact wireless mouse with adjustable speed offers a clutter-free desktop experience. Keep your office or working environment free from wires! Thanks to the USB micro-sized receiver you are able to connect both devices at the same time. Full 104-key layout keyboard |
|------------------------|--|

The Ximo wireless keyboard is designed to deliver all-day comfort with a 104-key layout. The keyboard also contains a built-in numeric pad for convenient access to your numeric keys. Ideal to maximize your productivity as you are able to use all the necessary keys within reach.

Compact wireless mouse with adjustable speed

The Ximo wireless mouse is a compact and comfortable plug and play mouse. Experience the convenience of a wireless mouse and a desk without any wires. You are even able to control the speed selection of the cursor by switching the DPI settings from 800 DPI up to 1600 DPI depending on your preferences. Besides that, it contains a scroll wheel to easily control your desktop or laptop applications.

One USB micro-sized receiver for both devices

You will enjoy the Ximo set even more once you know only one USB micro-sized receiver is enough to connect both devices to your pc or laptop. The micro-sized USB receiver will take less space and allows free access of other USB ports, so there is always enough space to connect other devices to your laptop.
