## Marketing

Extended retailer text	Are you looking for a Bluetooth 2.1 speaker set with high quality sound and an eye-catching design? Then look no further! The Trust Vigor 2.1 Speaker Set provides excellent sound with a deep bass. The wooden design in combination with the metal grills give the speaker a vigorous and robust look.
------------------------	--

Excellent sound quality

The Trust Vigor provides high quality sound with a deep bass, because of its wooden subwoofer with a 6,5” driver. Its peak power of 100 W (50 W RMS) will ensure room-filling sound. Want to enjoy your music more peacefully? Simply adjust the volume or bass by the control on the subwoofer or adjust the volume with the wired remote control.

Wired or Wireless

The Vigor is not only perfect for your PC, but can also be connected to your phone, tablet, TV, DVD-player, MP3 player and other audio devices. You can connect these devices via the wired remote control or with Bluetooth technology (if supported by device). If you don’t want to disturb others or want to get some privacy while listening to your music, simply plug your headphone in the wired remote control.

Easy to use

Want to use the Trust Vigor? Easily plug the main plug in the wall socket and the satellite speakers into the subwoofer. From now on, you can enjoy your favorite songs for hours! If you are not using the speaker set it will go to stand-by mode automatically. This smart power management feature can be turned off if desired.
