Marketing

Extended retailer text	Are you creative and do you like to use digital graphic tools? Or are you looking for a more versatile and flexible substitute of your mouse? The Trust Flex Design Tablet allows you to show off your creative skills and is ideal for flexible workspaces. Versatile & fun Work on your writing skills, edit pictures, create sketches, make your own comic or just have fun doodling. The Trust Flex Design tablet makes it easy for you to use graphical programs and software applications. It is designed for left and right handed users - making it suitable for every designer. Its ultrathin and space saving design make it ideal for flexible workspaces, as you can easily take it with you. The anti-slip bottom ensures that the tablet will not move when you are using it.

Pressure sensitivity

The Trust Flex Design delivers 1024 levels of pen pressure sensitivity, making drawing and painting feel very natural. With this tool you will get ultimate control and can create beautiful images. Because of this feature, working with the Trust Flex Design tablet will feel more natural than working with a mouse. If you want a darker line, you simply press harder. When you want a lighter line, you just touch very lightly on the tablet.

Ergonomic stylus pen

The Trust Flex Design tablet comes with an ergonomic wireless stylus pen. This stylus pen has 2 buttons, which control the left and right mouse click. It also includes 2 spare pen tips.
