Marketing

Extended retailer text	<p>The Trust Oila USB hub brings you two USB-C and two classic USB-A ports. With this hub, you can still use your peripherals with USB-A ports with your new Ultrabook or connect other device with a USB-C port.</p> <p>Ready for the future</p> <p>With USB-C being used more and more, this hub is ready for the future. The USB-C port allows you to connect your new-generation devices such as the newest GoPro or some of the newest smartphones to your laptop or PC. You can also still use your good old flash drives, mice and keyboards at the same time by using the classic USB ports.</p>

Plug & Play

The Oila hub is a plug and play device, meaning you can simply plug it in the device and it will work straight away. No need for additional wall power or installation software.

This small, lightweight and compact hub fits in every bag or pocket and doesn't need a power plug. Make sure you are never short of USB ports again, even when travelling or on holiday.

USB 3.1

The Hub features USB 3.1 gen 1. This means that it allows data transfers at a speed of up to 5 Gbps. That's about 10 times faster than the previous USB 2.0! This hub is backward compatible, so you can still plug in your older USB devices into the hub and use them without any problems.
