Extended retailer text

The Trust Moda USB-C charger is no ordinary charger, as you can use it to charge your USB-C laptop, smartphone or tablet. The charger detects your device type and charges it at the highest possible speed. Its compact design make it convenient for those who are always on the move.

On the go

The USB-C charger works at 100V up to 240V, which makes it the perfect travel companion. Whether you are charging your USB-C laptop in the United States, United Kingdom or in Europe; the charger will deliver the right voltage. Because of its compact design the Trust Moda will not take up much space in your luggage.

Reversible USB-C connector

Never fumble again when plugging your USB connector into your device. With the Reversible USB-C connector you can easily plug-in in any direction; either side is 'up'.

Plug & Go

No manual settings are necessary, because of the automatic voltage and power detection via Power Delivery 2.0. This means that every USB-C device receives the power it requires and will be charged at the highest speed as possible.

Short Circuit protection

The energy efficient Moda Type-C charger protects your devices against overload and short circuits so your devices will be protected from any damage and allows for safe recharging at all times.
