| Extended retailer text | With the Trust DJ-500Pro headset you will get every party started. Give a live performance for family and friends, record your latest musical creations or simply enjoy your music. |
|-------------------------------|---|

Look like a pro, spin like a pro

The DJ-500Pro headset offers you a 110dB sensitivity combined with 50mm drivers that reproduces all your music’s dynamics and delivers the controlled bass that every DJ needs. With the 20-20.000Hz frequency range sound gets reproduced perfectly and the closed back design captures the sound in your ear cups. The noise-isolating ear cushions ensures an intense sound representation, even in the louder environments. The rotatable ear cups are perfect for one-ear listening to hear your music and connect with the crowd at the same time.

Spin the records anywhere

Thanks to the extension cable and adapter provided, you can plug the headphone into your laptop, smartphone, tablet or DJ gear. Use the extension cable to connect the headset to your PC. Or plug the headset into your DJ gear with the included 6.35mm adapter plug.

All night long

The headset’s design offers you more than enough comfort to go on all night without being bothered by your gear. The soft noise-isolating ear cushions and adjustable headband ensure a perfect fit. The headset is so lightweight you’ll almost forget you have it on!

Sturdy travel buddy

Take the DJ-500Pro with you wherever you go, because of its foldable and lightweight design it’s the perfect travel companion. You can even detach the cables, so they won’t get tangled up in your bag or suitcase.
