Pixel precise tracking

The hard micro textured surface of the Glide gaming mouse pad ensures ultra-low friction. Every mouse movement, no matter how small, is perfectly translated into cursor movement. Regardless of what gaming mouse or settings you use, as the mouse pad is designed for both optical and laser sensor mice.

All the space you need

The Glide RGB mousepad is not just looking great, it also makes you look great while gaming!

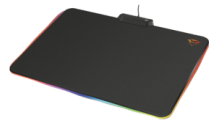

The large 350 x 250 mm surface area provides all the space you need for a sweeping victory. The non-slip rubber base keeps the mouse pad in place even in the hottest battles, allowing you to focus on your gaming instead of your gear.
