Marketing

Extended retailer text	Take your throne and game like a king! The Trust Resto Gaming Chair combines ultimate comfort with a striking gaming design. This fully adjustable, ergonomic gaming chair keeps you focused at your game for hours.
-------------------------------	--

Perfect fit for every gamer

The Trust gaming chair is one everybody can enjoy. The robust chair is designed to handle a maximum weight of 150 kg and is recommended for any gamer between 155 and 195 centimetres tall. The 42 cm wide and 50 cm deep seat is large enough to ensure maximum support and comfort.

Adjustable to your desires

The gaming chair is fitted with a class 4 gas lift, the part that allows you to adjust the seat's height from 47 to 54.5 cm. This premium gas lift is durable, reliable and supports up to 150 kg of weight.

The back rest is adjustable over 90 degrees, meaning you could even put the back rest flat for a quick rest after a sweeping victory! To top it off, the seat can be tilted for even more comfort. Simply tilt the seat forward to reduce pressure on your legs, or tilt it backwards to properly align your spine to prevent back problems.

Needless to say, the armrests' height is adjustable as well.

Optimal comfort improves your game

The Resto gaming chair comes with two removable and adjustable cushions to provide optimal comfort, allowing you to keep on top of your game for hours.

The lumbar pillow provides your back with support and extra relief. The neck cushion features as a headrest and releases tension.

Striking design – mind the details

The striking design features the classic black and red Trust Gaming colours with a high quality embroidery of the logo. The premium fabrics ensure a soft and comfortable touch, preventing sweating and a sticky feeling.

Stable base

The durable and smooth rolling nylon wheels glide perfectly, allowing you to keep on rolling when you're too comfortable to get up.

The 70 centimetres wide, robust 5 star metal base in combination with the durable metal frame inside the seat provide optimal stability and long lasting comfort.
