System requirements	- 3.5mm audio connection - 100-240V wall power connection

Marketing

Extended retailer text	An overwhelming bass power, high-quality sound and an impressive gaming design: these features all combined in the GXT 4628 Thunder 2.1 Speaker Set will change your gaming experience. This speaker set is not only for PC gaming, you can also easily connect it to your laptop, TV, smartphone or tablet. Crushing in-game explosions, the roaring sounds of engines or the crowd of live concerts: you can enjoy every sound in the best available quality.
-------------------------------	---

Fundamentals of sound

Using the 120W peak power, the Thunder will fill your room with powerful sound. The satellite speakers give an optimal sound quality in the mid and high tones. This combined with the XL wooden subwoofer with 7-inch speaker which produces powerful depth to your sound, ensures you'll have that full-range gaming experience.

Wired control

The handy wired remote control has a large volume knob to easily adjust the volume. In addition, the integrated connectors give you the possibility to plug your headphones, smartphone or tablet into the remote control. On the back of the subwoofer, you'll find a separate volume and bass control for that perfect sound at all times.

Designed for gamers

The speaker has a rugged design with a pulsating LED illuminated subwoofer: you can now not only hear but also see your in-game sounds of victory! The metal grill of the subwoofer combined with the shining black satellite speakers gives a perfect addition to any gaming set-up!

Smart Power Management

The speaker automatically turns to standby mode after 60 minutes when not in use for smart power management. To ensure uninterrupted playtime, it will turn back on automatically. The Smart Power Management can be turned off when in need of full power constantly.
