Marketing

Extended retailer text	Can't afford to be on the side of the road for a long time? Put the Trust Emergency Car Jump Starter with 6.000mAh powerbank in your car and you are sure to be on your way again quickly when your car doesn't start anymore. No more endless waiting for the roadside service or a tow truck anymore.
------------------------	---

Jump-start

With the 200A/400A peak power and included car or motor jumper cables, this powerbank can jump-start most cars. It restarts petrol engines up to 3.0L for up to 8 times and restarts diesel engines up to 2.0L for up to 5 times. The cables come with extra protection against short circuit and reverse polarity for safe use. The clamps come in different colours and with the help of the user guide, anyone can use the car jump starter successfully.

Added functionality

You will always be on the road with a secure feeling due to the powerful flashlight with alarm and SOS modes. Turning on the alarm mode, the powerbank will flash quickly and constantly. By turning on the SOS mode, the light will flash SOS according to Morse code. With the durable carry case, you can easily take it anywhere with you. Furthermore, you won't only be able to start your car at any time, the powerbank with 6.000mAh battery can also charge your electronic devices. It charges a phone for up to 24 hours extra or your tablet for up to 9 hours extra.

Fast recharging

Because this versatile powerbank will be your go-to in many different situations, it is important that it is always charged and ready for when you need it. This is guaranteed with the included wall charger and micro-USB cable to recharge the powerbank. It has a micro-USB port with 10W/2A power input for fast recharging. The battery level indicator makes sure you are always travelling with a full powerbank. It is the perfect tool for drives in the great outdoors as well as urban jungles!
