Marketing

Extended retailer text	The Trust GXT 590 Bosi Bluetooth gamepad for Windows and Android features an integrated smartphone holder to enjoy mobile gaming everywhere. This extremely versatile gamepad offers you the gaming action you're looking for! Go full out With the Bosi, you can even upgrade the gaming experience on your phone. Attach your phone to the gamepad with the universal smartphone clamp. Connect via Bluetooth and you can instantly play games that support

gamepad control directly on your smartphone. The clamp makes sure your phone is safely and securely fastened: you can always go full out for victory.

Be the final Boss

No matter which game you're playing, this gamepad is the instrument that guides your gaming character to the win. Take full control on your PC, Mobile or even SmartTV. You can alternate between the two most common input standards: X-input and Direct input so your gamepad supports many games. Use the gamepad directly via Bluetooth or plug in the USB receiver for full compatibility. With the Bosi, you can join any party!

Pull the trigger

All 13 buttons and the two analogue sticks including the 8-way D-pad are placed in the perfect range for long-lasting gaming sessions. It even includes two pressure sensitive trigger buttons. You have everything you need to start building your gaming legacy with the built-in rechargeable battery for up to 30 hours of playtime.

Boost your experience

The intensity of your games is boosted to a higher level with the vibration feedback. With the Bosi, you'll feel every punch, collision and explosion: you'll have the reality of the game in your hands.
