Key to success

This mechanical keyboard features quick responding linear red switches for that optimal gaming experience. With a response time of only 5ms, your fingers will be flying across the keyboard leading you ahead of the pack towards victory. The switches last up to 50 million keystrokes so you are sure this keyboard will stay with you all the way to the top.

Advanced precision

When gaming, you want to be able to blindly trust your gear. With the GXT 875, you will never miss a single keystroke. The built-in anti-ghosting technology with N-key rollover ensures you can execute complicated moves with sharp-edged precision. This makes the difference between champions and the masses.

Blazing colours

The Ahora comes with alluring backlight colours to complete your gaming set-up. Turn up the brightness when you want to blaze through a battlefield. Prefer a darker set-up? Simply turn down the brightness with the keys on the keyboard.

Initiate game mode

The Ahora features 12 direct access media keys, making it possible to control your music or the LED lighting of the keyboard. You can even play and pause music, start a search or change pages directly with the keys on your keyboard. Also, the special game mode switch prevents you from returning to your desktop accidentally when hitting the Windows key. You are in control.
