Are your comments during games interesting enough for everyone to hear? Is your new song ready to go public? The GXT 242 Lance microphone captures all sounds perfectly for the world to hear. This USB streaming microphone comes with tripod and high precision cardioid recording pattern to perfectly capture your streams, podcasts, voice-overs and acoustic music.

In the spotlight

The rich audio reproduction is made possible by the cardioid recording pattern for high precision recording and minimal background noise. Whatever podium you choose, the clear sound recordings make this microphone perfect for podcasts, vlogs, voice-overs, music recording or streaming on YouTube.

Piercing sounds

The Lance comes with a pop filter which will improve your speech quality. You can go full out because the pop filter will minimize the plosives (like P's and B's) and hissing noises. This makes sure that everyone will hear you clearly, without the need for excessive editing. The GXT 242 Lance will pierce your listeners with perfect sound!

Plug in and sing!

The Lance features a tripod stand to secure your microphone for perfect positioning. Adjust the angle and you're perfectly audible for everyone in your audience. Simply plug in the 1.80m USB cable and the microphone will instantly work on any PC and laptop.

Specifications

Total weight	573 g
---------------------	-------

Weight of main unit	217 g
----------------------------	-------

Height of main product (in mm)	177 mm
---------------------------------------	--------

Width of main product (in mm)	45 mm
--------------------------------------	-------

Depth of main product (in mm)	44 mm
--------------------------------------	-------

Noise reduction	true
------------------------	------

Application	Desktop
--------------------	---------

Cable length main cable	180 cm
--------------------------------	--------

Connection type	wired
------------------------	-------

Connector type	USB
-----------------------	-----

Frequency response 20 - 20.000 Hz

Impedance 2.200 Ohm

Sensitivity -45 dB

Sound pressure level 120 dB

Echo cancellation false

Pick-up pattern Unidirectional Cardioid

Sampling rate 16bit, 48kHz

Signal-to-noise ratio 70 dB

Sensor type microphone condenser

Type of anti-vibration measures pop filter shock mount

Type of stand tripod

Compatible Device Types pc laptop gaming console

Compatible Software Platforms Chrome OS MacOS Windows

Compatible Consoles PS4 PS5
