Package contents	- Ergonomic task lamp - Power adapter - User guide
System requirements	- Wall power socket

Marketing

Extended retailer text	Working ergonomically does not stop at finding the perfect position for your wrists, back and neck. It is also essential to work with the right lighting at your desk. This Ergonomic LED task lamp with dual lighting, dimmer and three light colour modes, allows you to face your tasks in perfect lighting by reducing glare and eye strain.
	A comfortable look
	This task lamp illuminates your workspace in accordance with your activities. Choosing the right lighting colour

will reduce glare and eye strain. The Lideo has three light colour settings; one for cool light (5100K), perfect for when you need to concentrate. Another option is the warm light colour (3100K) to help your eyes relax when reading a book for example. Or choose the neutral light mode (3800K), to work on any task before you. The high refresh rate of the LEDs prevents flickering induced eye-strain, you can look forward to your work in comfort!

Turn up the lights!
The lamp is designed for you to change the light colour and intensity easily. With a single button, you can choose the light colour and adjust the light intensity. The additional LED light a the back of the lamp for ambient lighting has an independent on/off/dim switch for perfect control of all your lights.
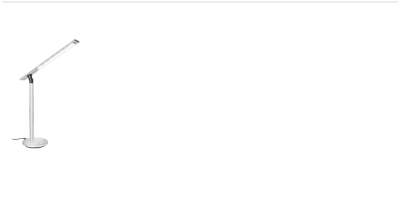

Delightful design
Ergonomics doesn't have to be boring; the modern look of this lamp is combined with an elegant, space-saving design. The arm is adjustable in two ways. You can swivel it 20 degrees to the left and right as well as tilt it up or down 120 degrees for the right positioning of your light. And you don't have to worry about losing the light, the powerful and energy efficient LEDs have a lifetime of up to 50.000 hours. This premium lamp with its aluminium body will fit on any desk.
