Do you want to keep your smartphone in a safe place so that it does not fall off while you are driving? With the Veta Premium Magnetic Car Holder you can check your smartphone quickly while you are on the road.

Strong and safe

The Veta Premium Magnetic Car Holder is ideal for navigating, playing music and hands free calling. The car holder is made of strong materials including adhesive metal pads and a plate that you can attach to the back of your phone. The car holder keeps your smartphone in the same place while driving.

Simply stick the supplied self-adhesive metal pad on your smartphone or place the included metal plate in your cover or behind the back cover of your smartphone. Allowing you to easily place your phone in the holder and ensuring it's securely fastened thanks to the strong magnet.

Design

Thanks to the windshield suction cup, your smartphone never falls from the window. The rubber coated design of the car holder ensures a professional look. You can view your phone from many positions, thanks to its adjustable angle.

Compatibility

The Veta Premium Magnetic Car Holder is compatible with all smartphones. The holder allows you to have full access to buttons and connectors on your smartphone very easily without holding it.
