## Marketing

<b>Extended retailer text</b>	The Nova desktop set with comfortable wireless keyboard and mouse is your set to not only get your work done but also play with your whole family. Connect the spill-resistant keyboard and mouse made for left as well as right-handed users with one simple wireless receiver and you're ready to play!
-------------------------------	---

Dedicated control

The wireless keyboard has a full-size layout so that you can type comfortably for hours. It features twelve special multimedia function keys that allow you to adjust the volume of your pc or laptop, go to your homepage or open your email with just one click of a button.

Set to work

The wireless mouse is a comfortable, plug and play mouse made for left as well as right-handed users. Besides this, you can easily adjust the DPI (800/1200/1600) for optimal use, adjusted to the task before you.

Plug & Play

Want to use this set? Simply plug in the micro USB receiver into a USB port and you can start using it. The receiver allows the Nova set to work wirelessly within a range of 10 meters. When you are finished using the set, you can easily store the receiver in the mouse or simply leave the receiver on your laptop/pc.
