Fortunately, you are not left empty-handed – in the biggest release yet of the Far Cry series, you have an arsenal of weapons, vehicles but most importantly, your guns & fangs for hire!

With this 3-in-1 gaming bundle containing a headset, mouse and mouse pad, you get a free voucher for the digital PC Standard Edition. You can now face the most ruthless enemy in Far Cry history with fitting gaming gear!

GXT 344 Creon Gaming Headset

The Creon Gaming Headset equips you to fully immerse into game-mode without any distractions. This multiplatform gaming headset provides you with powerful 40mm surround sound speakers. You will hear the rustling trees of Hope County, fired shots in the far distance and the enemy sneaking up from behind.

The Creon Gaming Headset has a 2m cable to connect to PC. Lengthen the cable with the included 1m cable for easy use with PlayStation 4, Xbox One or Nintendo Switch. You can control the volume with the in-line volume remote and enjoy clear communication via the foldable, short microphone. The software allows you to adjust the full RGB LED lighting to the color of the other pieces of your gear. Pick your own color or select the rainbow wave effect if you're really looking for an eye-catcher! The high precision optical sensor enables you to shift the gear up to a maximum 15.000 DPI.

With the advanced gaming software, you can combine a series of actions into a single click macro. These presets can be stored in 5 different profiles that are saved in the onboard memory of this mouse. The rugged custom top layer coating and low-friction Teflon glide pads on the bottom of the mouse further improve your combat abilities.
