System requirements	<ul style="list-style-type: none">- WiFi Home network- Mains power connection- Smartphone/tablet with: iOS 9+ or Android 4.0+

Marketing

Extended retailer text	With the Irus Wi-Fi IP camera, you are always up-to-date on what is going on in your (holiday) home, garage or office. Via the app on your phone, you can keep an eye on your pet, children or check your home when you're
-------------------------------	--

away on holiday for a longer period of time. With this camera, that feeling of security is in the pocket!

Smart camera

Take a look at live imaging on your smartphone or tablet and save it on a micro-SD card in the camera (micro-SD card not included). Thanks to the motion detection, you can choose to record continuously or only when movement is detected. Receive notifications on your phone or tablet when the camera detects movement so you can step in quickly when needed.

An optimal image: day & night

Thanks to the 720 HD image quality and infrared light, you are ensured of clear images and a sight of up to 8 meters at night. The camera also has a communication option thanks to the built-in speaker. Pacify a child or warn an unwanted visitor quickly through your phone, no matter what your location is.

Easy installation

Install the camera anywhere in your home with the sturdy stand for easy wall or ceiling placement. Set the camera to your preferences by following the steps in the free multilingual app. You're online in no-time! The camera can be added as part of your Trust Smart Home security and control platform through the same free app.

Specifications

Total weight	99 g
Weight of main unit	99 g
Height of main product (in mm)	118 mm
Width of main product (in mm)	68,5 mm
Depth of main product (in mm)	68,5 mm
Software	false
Sensor type	motion
Sensor resolution	1280*720
Indicators	Power

Input frequency of main device	50 Hz
Input voltage of main device	230 V
Connector type	micro-USB
Wireless protocols	WiFi
Wireless range	10 m
Cables included	Power adapter
WiFi frequencies supported	2.4 GHz
Microphone	true
Detection grid	false
Lens angle	90 degrees
Night vision	true
Night vision range	8 m
Talk back	true
Face recognition	false
Face tracking	false
Focus type	fixed focus
Lens material	Glass
Max Framerate	25 fps
Motion detection	true

Mounting materials included	screws
Wireless transmission power (dBm)	15 dBm
Power plug type	EU
Power source	wall socket
Double isolation	double
Mains plug grounded	true
Power cable length	150 cm
Input frequency	50 Hz
Input voltage	230 V
Power adapter included	true
Power adapter output current	2 A
Power adapter output power	2,5 W
Power adapter output voltage	5 V
