Extended retailer text

Bring the convenience of wireless charging to your home or office with the Expo10 Wireless Fast-charging Desk Stand. Charging your phone at high speed and placing it in the perfect position to keep track of notifications or watch a video; the Expo10 is the perfect addition to any desk.

Wireless power

Wireless charging is super easy, simply place your smartphone on the stand and your phone will start charging automatically. It has dual coils, which means that you can charge your phone in both portrait and landscape orientation. In portrait (vertical) mode you can easily see your incoming messages and landscape (horizontal) mode is ideal for watching videos on YouTube or Netflix for example.

Next level charging

This wireless charging stand supports fast charging of Apple iPhone and Samsung Galaxy phones. The iPhone 8 and X will charge with 7.5W power and Samsung Galaxy S7/S8/S9 phones at up to 10W power. It is fully compatible with all Qi-compatible phones and it will automatically detect the highest possible charging speed so you're on your way again in no-time.

Safe to charge

The Expo10 is certified by the Wireless Power Consortium (WPC) to ensure optimal reliability. The charger has a smart safety design with foreign object detection (FOD) to prevent over-heating of metal objects and a LED charging indicator. It works with the USB charger of your phone and to make it even easier, a charging cable is included in the package. Please note that your USB charger must support fast charging for charging at 7.5/10 Watt.
