System requirements	<ul style="list-style-type: none">- Laptops up to 17"

Marketing

Extended retailer text	<p>With this in-height adjustable desk riser for your laptop, you can create an ergonomic working space everywhere. Create a comfortable typing position on the couch, in bed or standing up at your desk for example. In this way, you can get work done wherever and however you prefer!</p>
-------------------------------	--

Up your workspace

This laptop desk riser provides a perfect solution for many situations. Place the riser on your desk to change from a sitting to a standing workplace or use the laptop when sitting on the couch without bending over. It can lift your laptop by 24 to 32 centimetres, raising your screen to a suitable viewing height. By adjusting the tabletop angle (flat, 15, 25, 40 degrees), you can keep your posture aligned, thereby relieving stress from your neck and back.

Work comfortably

The large table surface (52 x 29cm) gives you enough workspace for a laptop up to 17" and a mouse. No matter in what angle you place the tabletop, your laptop and mouse won't slide off causing damage due to the two separate blockers. The blockers for your mouse doesn't hinder you from working comfortably: you can relax your wrist on the soft material. No need for these blockers? Simply take them off for a fully flat surface.

Fold it up and go

After using the desk riser, you can easily fold it up for storage or carry it to any location with the carrying handle. Its foldable and lightweight design makes sure you can take it anywhere!

Specifications

Total weight	1.600 g
Height of main product (in mm)	520 mm
Width of main product (in mm)	330 mm
Depth of main product (in mm)	264 mm
Special features	- Foldable tool free design - Lightweight Space saving design - User friendly, easy to install - Height adjustable - Laptop stopper + wrist rest included
Foldable	true
