With its wooden look,</p>
-------------------------------	--

this speaker set is an eye-catching addition to any living room or home office.

The power of sound
Its 120W peak power (60W RMS) provides you with powerful sound and a rich soundscape: the satellite speakers give optimal sound in the mid and high tones and the wooden subwoofer produces powerful depth to all your entertainment experiences.

Connect and control
Using the included wired remote, you can easily control the volume. On top of that, the wired remote features extra connections to plug in your headset or connect any music playing device such as your phone or tablet. On the subwoofer, you will find extra volume and bass control to further finetune your sounds.

Smart Power Management
The speaker has built-in Smart Power Management to save on energy. The speaker automatically goes into standby mode when it is not used for 80 minutes. Start playing music again and the speaker automatically turns back on. Turn the Smart Power Management off for full power constantly.

Specifications

Total weight	4.200 g
Height of main product (in mm)	255 mm
Width of main product (in mm)	255 mm
Depth of main product (in mm)	240 mm
Type of speaker	2.1
