Marketing

Extended retailer text	High Performance, High Scores Up your game with the Trust GXT 950 Idon RGB Gaming Mouse. With a responsive performance, ambidextrous design, programmable buttons and a rainbow of RGB lights, you'll be clicking your way to new digital heights. Quick and Accurate With a response time of just 1 ms, the Idon mouse will respond to your movement extremely quickly. And with a

selectable DPI that ranges from 500 to 6000, you will be able to switch between rapid movement and sharp precision on the fly. With 150 IPS, the mouse will guarantee precision, even during fast movement.

Strong Spring Action

Every time you'll click the mouse, you'll get a sense of impact, thanks to the metal spring tensioning system powering the left and right buttons. Landing a headshot will feel even more powerful.

Shine Brighter

Celebrate your gaming victories in style with the Idon's rainbow RGB-illumination. Not in a colourful mood? No problem: the LED lights can be turned on and off with a simple button press.

Full Customisation

The 7 buttons on the mouse, including 2 thumb buttons, can be programmed to suit your preferences. Simply download the software from the Trust website, and you'll be able to customise every button's functionality.

Suits All Hands

Thanks to the ambidextrous design, the mouse is suitable for both left and right handed users. It's also equipped with textured sides, so you'll have a firm grip without having to worry about the mouse slipping from your hand.

Specifications
