System requirements	- Windows 10 or 11 - Intel-based Mac with Mac OS X 10.5 (Catalina) or higher - Chrome OS - USB port

Marketing

Extended retailer text	<p>Compact and Convenient</p> <p>The Trust Yvi is your go-to mouse when you're always on the go. This compact mouse is very easy to take with you as it fits your bag easily, while still being comfortable to use by both left- and right-handed users. It's wireless and rechargeable; compact and convenient.</p> <p>Friendly to All</p>
-------------------------------	---

The Yvi is friendly. Friendly to the environment, thanks to the rechargeable battery. Friendly to your wallet because you don't have to buy disposable batteries. And friendly to anyone who uses it due to the ambidextrous design; both left- and right-handed users work with Yvi comfortably.

Switches

This tiny mouse does everything you've come to expect from a quality mouse. It has all the buttons you need, including a scroll wheel. Apart from that, there's a handy DPI switch which lets you easily adjust the resolution of the sensor between 800 and 1600 DPI, and an on/off switch to save battery life.

Keep It With You

Thanks to the small size, you'll take the Ivy everywhere you go. As soon as you're done working, plug the wireless USB micro receiver in the Yvi itself and place it in your laptop bag. It's right there where you left it, complete with receiver. The Yvi keeps things simple, so you can focus on what's important.

System requirements	- Windows 10 or 11 - Intel-based Mac with Mac OS X 10.5 (Leopard) or higher - Chrome OS - USB port

Marketing

Extended retailer text	<p>Your new work buddy</p> <p>The Trust Yvi FX Wireless Mouse is a dazzling office sidekick, with a compact size, comfortable shape, and rubber sides for a better grip – giving your work setup a sleek, understated look.</p> <p>Be accurate, be free</p> <p>With an 8m wireless range, you'll have plenty of freedom to work. Meanwhile, a speed select button (800 or 1600 DPI) lets you control your mouse's sensitivity.</p> <p>Energy-saver</p>
-------------------------------	--

An on/off switch allows you to conserve battery life, while a storable USB micro-receiver means you're always ready to plug in and get to work.
