Extended retailer text	Silent Keys
-------------------------------	-------------

Whether you work from home or in the office, you don't want to disturb anyone with your hard work. The Trust Ymo is a silent keyboard and mouse combo with keys that are up to 50% quieter than conventional keyboards. And because this set is compatible with Windows, MacOS and ChromeOS, you'll work hard on any PC or laptop without hassle.

Wireless and Spill Resistant

Keep your desk tidy and steer away from cables. The Trust Ymo is wireless and comes with a single USB micro receiver that works on both the keyboard and mouse. And when your done working, you'll easily store the receiver in the mouse itself so you'll always know where it is. It's also spill resistant, so don't worry if you happen to spill some coffee; the YMO will let you continue your work.

Make Work Easier

Adjust the typing angle with the anti-slip feet and keep a firm grip on your documents thanks to the mouse with comfortable rubber finish. You have full control over your work with the 13 function keys and the DPI switch on the mouse, which lets you adjust the cursor speed with the press of a button. This deskset is made to make your work easier.
