Sick of noisy clicks and taps? The Ody has your back – silent mouse buttons and a full-size keyboard layout with low-profile keys ensure quiet and productive working throughout the day.
One receiver to rule them all
Two accessories, one receiver – wirelessly connect both the keyboard and mouse to your device via a single USB receiver, so you still have plenty of space for anything else you need to plug in.
The keyboard that does it all
Everything you want in a keyboard, the Ody has. Height adjustable, spill-resistant, and complete with 13 function keys and an on/off switch, this keyboard is as comfortable as it is functional.
Mouse on the move
It’s been said that the Ody mouse and top-end racecars have a lot in common - with a firm grip and adjustable speed (600-1400 DPI), the only real difference between the two is their size!

Specifications
