Silent and Smooth Typing

The Ymo Silent Wireless Keyboard ensures a smooth typing experience. The low-profile full layout has a silent and soft keystroke, while the adjustable angle and rubber anti-slip feet keep comfort levels high for hours. It's fitted with 13 multimedia function keys for smart access with a single press, to further optimise your workflow.

Effortlessly Wireless

The wireless keyboard comes with a USB receiver, which can simply be plugged into a laptop's or desktop's free USB port so you can get to work straight away. With a 10-meter wireless range, the keyboard can control devices from a distance, such as a PC or laptop on the other side of a meeting room. After working, simply flick the off/on switch to turn off the keyboard and save on energy.

Specifications

Total weight	760 g
