Keyed up

The Ziva keyboard is ready to play, and play hard, with spill resistance and a special gaming mode that disables the Windows key. LED illumination, meanwhile, means your setup will always provide an ambience that keeps you in the moment, so you're sure to soak in those victorious moments.

A mouse with attitude

A rubber coating ensures your grip never falters, while adjustable speed (1000 – 1600 – 2200 – 3000 DPI) helps you stay on target, as you guide the mouse along its large, 220x300cm mousepad. Want to spice things up? Adjust the LED lighting to match the bundle's other accessories.

A head start on the competition

The Ziva headset features an adjustable headband and soft over-ear cushions for full comfort. Its foldaway microphone and volume control enable you to fully communicate with your team as you grab yet another win. Need room to move? No problem – a 1.8m cable gives you ample freedom.
