| Extended retailer text | <p>A wall switch and remote control in one!</p> <p>Not sure whether you should choose a wall switch or a remote control? Why not just both? The stylish AYCT-303 remote control can be transformed into a wall switch in no time thanks to its magnetic mounting plate. The switch has four separately controllable channels and a group button to switch multiple lights and devices at once.</p> <p>Easy switching and dimming with one button</p> <p>If you have plug-in dimmers or flush-mounted dimmers connected to your remote control, you can also use them as dimmers. Press and hold the button for the right channel for easy, stepless dimming. Press and hold on the left</p> |

side of the button to make your lamp brighter, press on the right side to dim the lamp. The same buttons are also used to turn your lamps on and off by just pressing the buttons briefly.

From clever solutions to a Smart Home

With the Smart Bridge you lay the foundation for your smart home (and garden). Link all your Trust Switch-in products to the Bridge and operate everything - from lighting to electric curtains - using your smartphone or tablet. Or set your own timers, rules and scenes to fully automate your system. For example, the (garden) lights go on at night when you're on holiday and the central heating boiler is switched off when the CO detector detects a carbon monoxide leak.
