

Trust Smart Home SD-1000 Wireless smoke detector -

Wireless smoke detector to receive instant notifications on your smartphone when smoke is detected.

Article number: 71421
Barcode: 8713439714210
GTIN: 08713439714210

Core content

Brand	Trust Smart Home
Product line	WiFi line
Product type	Wireless smoke detector
Key features	• Smart photoelectric smoke sensor for early detection of slow-smouldering fires • Loud built-in alarm (85dB) for immediate local warning • Smartphone notifications to stay informed wherever you are • Stand-alone operation without the need for a hub • Long sensor lifetime of up to 10 years • Replaceable battery for easy maintenance • Long battery life of up to 3 years for reliable, low-maintenance use and low battery warning via device and app • Easy installation without wiring • 2.4 GHz WiFi
Package contents	• Wireless smoke detector • Mounting materials • User guide
System requirements	• 2.4 GHz home wifi network • Smartphone/ tablet iOS 11+ or Android 6.0+ • 3x AA batteries

Marketing

Extended retailer text	Protect your home and family with this smart Trust WiFi smoke detector. Receive instant notifications on your smartphone when smoke is detected, wherever you are. This means you are always informed in good time and can act quickly in an emergency. All you need is WiFi! Simply add the smart smoke detector to the free Trust Smart Home WiFi app and connect it directly to your
------------------------	--

network – without the need for an expensive hub. All you need is an internet connection. Within minutes, your home will be smarter and safer.

Wireless and flexible placement.

Because the smoke detector is battery-powered, you can install it wherever you want: on the ceiling in the hall, in the attic, in the bedroom or in the living room. No cables, no demolition work – just mount and connect.

Instant notifications, wherever you are.

If smoke is detected, the smoke detector not only emits a loud alarm signal in your home, but you also receive an instant push notification via the app. This means you are always informed, even when you are not at home.

Long sensor and battery life.

The smoke detector is equipped with a sensor that lasts up to 10 years. That means long-lasting and reliable protection without having to worry about replacement in the short term.

Its energy-efficient operation ensures that the battery lasts up to 3 years. The app (and the smoke detector itself) will automatically notify you when the battery is low, so you can replace it in good time. This ensures that your smoke detector always functions optimally.

Smart scenarios for extra safety.

Connect the smoke detector to other smart products via the app and make use of smart scenarios. Does the alarm go off? Automatically turn on all smart lights for maximum visibility or receive additional warnings via other devices. This allows you to create a smart safety system in your home.

Easy to expand

Use multiple smart smoke detectors in your home for complete coverage on every floor. Add them all to the free app and monitor the safety of your home.

Specifications

Total weight	178 g
Weight of main unit	86 g
Height of main product (in mm)	93 mm
Width of main product (in mm)	76 mm
Depth of main product (in mm)	58,5 mm

Application	Indoor
Anti tamper system	no
Automatic OFF signal	no
Detector type	photo electrical
Sensor type	smoke
Compatible device types	Smartphone
Google home compatible	No
Google assistant compatible	No
Philips Hue application	No
Philips Hue entertainment	No
Apple Homekit	No
Philips Hue Over-the-Air Updates	No
Amazon Alexa compatible	No
