System requirements	- Trust Smart Home receiver

Marketing

Extended retailer text	<p>One remote control for everything</p> <p>This remote control has 16 channels. This means that you can control 16 receivers independently. Think, for example, of your lighting (with the build-in ACM-250 dimmer), electrical appliances (in combination with the socket switch ACC-2300) and shutters and blinds (in combination with the sunblinds switch ASUN-650). In</p>
-------------------------------	--

In addition, this remote control is also ideal for switching off all the lights in the bedroom from bed or switching on the garden lights from the living room in one go. Enjoy full control with just one device.

From clever solutions to a Smart Home

With the Smart Bridge you lay the foundation for your smart home (and garden). Link all your Trust Switch-in products to the Bridge and operate everything - from lighting to electric curtains - using your smartphone or tablet. Or set your own timers, rules and scenes to fully automate your system. For example, the (garden) lights go on at night when you're on holiday and the central heating boiler is switched off when the CO detector detects a carbon monoxide leak.

Specifications

Total weight	97 g
Weight of main unit	50 g
Height of main product (in mm)	16 mm
Width of main product (in mm)	34 mm
Depth of main product (in mm)	130 mm
Controller type	remote
Controls	on off
Dimming control type	dim loop
Indicators	Activity
LCD display	No
Input voltage of main device	3 V
Number of control channels	16
Wireless range	30 m

Code system Automatic

Start Line Product type transmitter

Batteries included Yes

Battery life (months) 12 month

Battery type (AA, AAA, etc.) CR2032

Number of batteries 1

Rechargeable battery No

Wireless transmission power (dBm) 2,0 dBm

Power source battery
