Socle de bureau pour charge rapide sans fil

Socle de charge sans fil élégant pour charger rapidement votre smartphone compatible Qi

Principales caractéristiques

- Socle de charge pour bureau facilitant le suivi des notifications sur votre smartphone
- Posez et chargez : posez tout simplement votre smartphone sur le socle et il se chargera automatiquement
- Fonctionne avec tous les smartphones compatibles avec la fonction de charge sans fil Qi
- Compatible avec le mode de charge rapide de 7,5 W pour iPhone et de 10 W pour les téléphones Samsung Galaxy
- Certifié par le Wireless Power Consortium (WPC) pour sa fiabilité optimale
- Conception à double bobine, pour supporter l'utilisation et la charge en orientation portrait ou paysage

Qu'y a-t-il dans la boîte

- Chargeur sans fil
- Câble Micro-USB
- Mode d'emploi

Configuration requise

- Pour une charge rapide : Chargeur USB avec Quick Charge 2.0/3.0 ou Adaptive Fast Charging. Exemples :
 - Chargeur mural : [trust.com/21818](https://www.trust.com/21818)
 - Chargeur de voiture : [trust.com/21819](https://www.trust.com/21819)
 - Batterie externe : [trust.com/21858](https://www.trust.com/21858)
- Pour une charge normale : Chargeur USB avec une puissance de sortie de 2 A
- Smartphone compatible avec une charge sans fil Qi

Wireless power

Wireless charging is super easy, simply place your smartphone on the stand and your phone will start charging automatically. It has dual coils, which means that you can charge your phone in both portrait and landscape orientation. In portrait (vertical) mode you can easily see your incoming messages and landscape (horizontal) mode is ideal for watching videos on YouTube or Netflix for example.

Next level charging

This wireless charging stand supports fast charging of Apple iPhone and Samsung Galaxy phones. The iPhone 8 and X will charge with 7.5W power and Samsung Galaxy S7/S8/S9 phones at up to 10W power. It is fully compatible with all Qi-compatible phones and it will automatically detect the highest possible charging speed so you're on your way again in no-time.

Safe to charge

The Expo10 is certified by the Wireless Power Consortium (WPC) to ensure optimal reliability. The charger has a smart safety design with foreign object detection (FOD) to prevent over-heating of metal objects and a LED charging indicator. It works with the USB charger of your phone and to make it even easier, a charging cable is included in the package. Please note that your USB charger must support fast charging for charging at 7.5/10 Watt.

GÉNÉRAL

Height of main product (in mm)	85 mm	Width of main product (in mm)	70 mm
Depth of main product (in mm)	110 mm	Total weight	95 g
Weight of main unit	95 g
