## Top it up

This portable charger has one 10W/2.4A and one 5W/1A power output port with an auto-detect function to make sure your devices are charged at their maximum speed. Because of the 7.500 mAh battery, the Luco can charge phones for up to 30 extra hours and tablets for up to 11 extra hours of use depending on your device and battery condition.

## Ideal travel companion

The Luco has a stylish and durable aluminium alloy body. This does not only look good but allows you to carry the powerbank everywhere with you safely. Also, it is UN38.3-certified which means that it is perfectly safe to fly with this powerbank. It will go with you everywhere!

## Smart charging

Thanks to the LED indicator, you can always check the battery status and make sure you never run out of power. The Luco also includes a Smart Protection System to ensure safe and fast-charging of your devices. You can use the included micro-USB cable to quickly recharge the powerbank.
