System requirements

- Bluetooth cihazı / Yardımcı çıkış (3.5mm) / Micro SD
- Duvar şarj cihazı veya USB bağlantı noktası

PERFECT FOR
TRAVEL

12 HOURS
PLAYTIME

WATERPROOF
IPX7

COMPACT
DESIGN

Stylish, Compact and Sturdy

Take the music with you, anywhere you go. The Trust Zowy is a stylish and compact Bluetooth speaker that will make any hike, trip to the pool or vacation a party. It's small enough to take with you on your travels, it's waterproof, it has a battery that will last for up to 12 hours, and a passive bass radiator to give your music a bit of extra power.

Waterproof

The fun thing about the Trust Zowy is that it's so small, you'll want to take it with you, where ever you may go. That's why it's important that this speaker stays safe! Thanks to the waterproof body and metal grille, this speaker is IPX7 certified. This means you can easily splash water on it, and your music will continue to play. Rain or shine, the pool or the slopes, Zowy will keep the party going.

12 Hours of Music

This speaker is made for traveling, and that can take a long time. The Trust Zowy has a rechargeable battery that will last for up to 12 hours. It doesn't matter if you go hiking or cycling, or if you just want to enjoy the sun for as long as possible, this speaker will keep you company.

Connections

Connect your phone with the Zowy via Bluetooth and select the music you want to listen to. That's it. You can even use the Zowy to make hands free phone calls thanks to the built-in microphone. And if you don't want to use Bluetooth, you can just as easily connect it via an AUX cable. Or fill up a Micro-SD card with MP3's and insert that into the Zowy for maximum flexibility.

Bass

The Zowy may be small, it's not without powerful features. Take the passive bass radiator for example. It provides your music with a powerful upgrade that takes any song to new heights. And by connecting two of these speakers together, you will truly be the life of the party.
