Listen Your Way

With the Tones, you can have an enhanced music experience – both wired and wireless. Enjoy your music wirelessly with a range of up to 10 meters thanks to Bluetooth. Or plug in the 3.5mm cable to use the Trust Tones with devices that don't support Bluetooth.

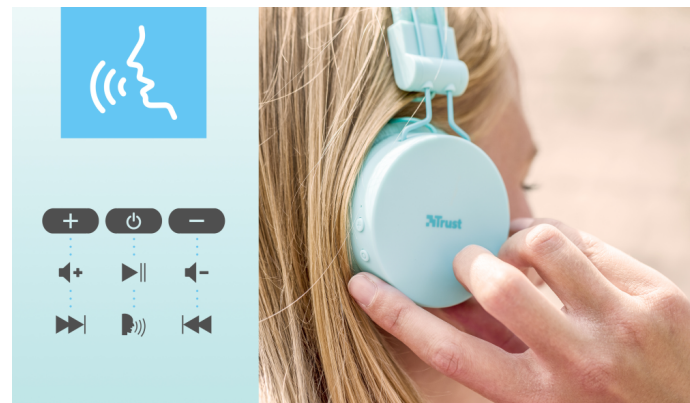

Non-Stop Music

There aren't enough hours in a day to outplay the Tones; one charge grants you a vast playtime of up to 25 hours. That means that you can now listen all day long; play a game during your commute, listen to music in the office and watch a movie in bed. The soft leatherette on-ear pads and adjustable headband are so comfortable, you'll forget you're wearing headphones.

Full Control

Without even taking your phone out of your bag or pocket, you've got full control. Manage all important functions via the buttons on the earcup and access your smartphone's voice assistant or make handsfree phone calls via the built-in microphone. And when your busy day is finally done, the foldable design of the Tones enables you to easily put it away in your bag or backpack.
