## Наружная IP-камера с Wi-Fi и функцией ночного видения

Наружная IP-камера с Wi-Fi и функцией ночного видения для наблюдения за вашим домом и имуществом в любом месте

### Key features

- Высокое качество изображения и функция ночного видения
- Простой просмотр записанного видео и видео в реальном времени на смартфоне/планшете
- Водостойкая конструкция с классом защиты IP65 для использования вне помещения
- Простая установка и управление с помощью бесплатного приложения (для iOS и Android)
- Разместите камеру где угодно в помещении или снаружи, подключите к интернету через Wi-Fi или локальную сеть (LAN)
- Широкоугольный объектив обеспечивает оптимальный обзор

### What's in the box

- Наружная IP-камера с Wi-Fi
- Регулируемое крепление
- Сетевой адаптер
- Антенна Wi-Fi
- Монтажный комплект
- Руководство по эксплуатации

### System requirements

- Домашняя сеть Wi-Fi/LAN
- Подключение к электросети
- Смартфон либо планшет под управлением iOS 9 (или выше) либо Android 4.0 (или выше)

### Simple installation, online fast

You can watch the live image of your camera on your phone or tablet with the free app, no matter where you are. This way you will always know what is happening around your home. The Trust Smart Home app makes it possible to easy install the camera and to operate it via your smartphone or tablet.

### Optimal image: day & night

The IPCAM-3000 can be used anywhere, indoor or outdoor. The IP65 water resistant design in combination with the external antenna for the best wireless performance and the strong metal housing with sun visor, makes this camera perfect for outdoor use. The camera is provided with adjustable mounting for easy attachment to the wall. You can connect the camera wireless via your wifi network or wired to a local area network. You can now monitor your driveway, garden house or other important places around your home for that ultimate sense of security!

### Clear vision

The infrared lighting guarantees a clear night vision with a range of up to 25 metres. The IP-camera offers you a 720 pixels High-definition image with a wide angle lens. This ensures an optimal view that covers a large area, for example your garden. With the built-in memory of 16 GB you can record video clips and watch it later.

## Smart notifications

Not only this camera offers you a couple of extra eyes around your house, it even warns you when movement is being detected. The camera allows you to define a motion detection grid. This is the area in which the camera will be triggered to send you a notification when motion is detected. This way you can take immediate action when it is necessary.

**GENERAL**

<b>Height of main product (in mm)</b>	129 mm	<b>Width of main product (in mm)</b>	134 mm
<b>Depth of main product (in mm)</b>	85 mm		

**POWER ADAPTER**

<b>Power adapter included</b>	True	<b>Power adapter output current</b>	2 A
<b>Power adapter output voltage</b>	5 V	<b>Input frequency</b>	50 Hz
<b>Input voltage</b>	230 V		

**MAINS SOCKET**

<b>Double isolation</b>	Double	<b>Mains plug grounded</b>	False
<b>Power cable length</b>	70 cm		

**NON-HORIZONTAL SURFACE**

<b>Mounting materials included</b>	Screws
